3 ADMINISTRATION STRATEGY & COMMUNICATIONS POLICY

Part A: Background, Purpose and Review

1. Background

- a. As stated in the Governance Policy Statement, it is the responsibility of the Cumbria Pensions Committee to exercise the Council's responsibility as 'Administering Authority' for the management of Cumbria Local Government Pension Scheme (Cumbria LGPS).
- b. The Council delegates its functions in respect of the Fund to its Pensions Committee and discharges specific elements of the administration functions of the Fund to:
 - i. The Director of Resources (S151 Officer); and
 - ii. Lancashire County Council (LCC) who provide this service through Local Pensions Partnership Administration (LPPA).
- c. The Administration Strategy (Parts B & C) is set out so as to illustrate the key roles and responsibilities of both the Administering Authority, LPPA, and the scheme employers in the administration of the scheme, highlighting the expected quality and performance standards required of all parties.
- d. The Communication Policy (Part D) is the overarching policy for the Cumbria Pension Fund and sets out the Administering Authority's policy concerning communications with members, representatives of members, prospective members, and scheme employers.
- e. The Complaints Process for the Cumbria LGPS is set out in part E of this policy.

2. Purpose

- a. **Administration Strategy:** Regulation 59 of the Local Government Pension Scheme Regulations 2013 (the 2013 regulations) allows for the Administering Authority to prepare and publish, following consultation with Fund Employers, a 'Pension Administration Strategy' to facilitate best practices and efficient customer service in respect of the following:
 - Procedures for liaison and communication with Fund employers;

- The establishment of performance levels which the Administering Authority and fund employers are expected to achieve;
- Procedures to ensure compliance with statutory requirements in connection with the administration of the LGPS;
- Procedures for improving the methods of passing information between the Administering Authority and fund employers;
- The circumstances when the Administering Authority may consider recovering additional costs that have been incurred due to the unsatisfactory performance of a Fund employer; and
- Any other matters that the Administering Authority consider suitable for inclusion in the 'Pension Administration Strategy.'

b. **Communications Policy:** Regulation 61 of the 2013 regulations states that an Administering Authority must prepare, maintain and publish a written statement setting out its policy concerning communications with:

- members;
- representatives of members;
- prospective members; and
- Fund employers.

In particular the statement must set out its policy on—

- the provision of information and publicity about the Scheme to members, representatives of members and Fund employers;
- the format, frequency and method of distributing such information or publicity; and
- the promotion of the Scheme to prospective members and their employers.

3. Compliance & review

The undertakings set out within this Pension Administration Strategy and Communications policy will be reviewed and published at least annually to ensure they reflect any changes in scheme regulations and Pension Fund policies and procedures. As required by regulation 59(4) of the 2013 regulations Fund employers will be consulted on any changes to the Administration Strategy.

Part C: Employer Undertakings

1. Liaison and Communication

- 1.1. The employer shall nominate a person / persons who will act as the primary contact(s) for general administration, HR & payroll, financial and regulatory/discretionary issues with Local Pensions Partnership Administration (LPPA) or the core team.
- 1.2. The employer will facilitate an annual visit (where appropriate) by LPPA with the appropriate primary contact.

- 1.5. The employer shall undertake to ensure that all personnel dealing with the Local Government Pension Scheme as part of their day to day role undergo appropriate training.
- 1.6. Where an employer contracts a third party HR or payroll provider the employer must authorise LPPA or the core team if they wish LPPA or the core team to deal directly with the payroll provider in matters of pensions administration or finance. However, this in no way enables an employer to delegate responsibility for the performance of any required actions (either regulatory responsibilities or requirements set by the Fund Administering Authority).
- 1.7. The employer shall inform the Fund of any outsourcings of services which involve or may potentially involve TUPE transfers of members of the LGPS as soon as possible to ensure that appropriate pensions information can be included in the tender documentation.

2. Performance Levels

- 2.1. Performance achieved by the Employer in relation to the following will be monitored by LPPA and the core pensions team (as appropriate):
 - Payment of contributions collected, completion and submission of remittance advice to the core team;
 - Submission of annual returns as required to the core team;
 - Uploading of LPPA Pensions Data Return every pay period; and
 - Notification of leavers.
- 2.2. The Fund will regularly report to employers on their individual performance and how this compares to other employers within the Fund. This will identify any areas for improvement including outstanding information and / or payments due to the Fund.

- 2.3. Employer performance will be reported to the Pensions Committee on an exception basis.

3. Administration of the LGPS and Compliance

3.1. Contributions

- 3.1.1. The employer will ensure that both employee and employer contributions are deducted at the correct rate (plus any additional contributions as LPPA may request the employer to collect). The employer must record the scheme section (50/50 or Main) in accordance with any election made by the scheme member; and deduct contributions as appropriate. The employer must maintain a policy to review employee tiered contribution rates and notify LPPA of any changes (see 3.6.3).
 - 3.1.2. All contributions, but not Prudential, Standard Life, Scottish Widows or Utmost Life AVCs, must be paid to the Cumbria Pension Fund on a monthly basis and in any case before the 19th of the month following that in which they were deducted. Non-compliance may result in a financial penalty against the employer and may result in a breach report to The Pensions Regulator.
 - 3.1.3. Employers must advise the Fund of employee and employer contributions by 19th of the calendar month following the month in which the contributions were deducted.
 - 3.1.4. The employer will ensure that employee's Utmost Life, Scottish Widows, Standard Life and Prudential AVCs are paid direct to the provider as soon as possible after deduction; but in any event before the 19th of the month following that in which they were deducted as stated above.
- 3.2. Deficit contributions** - Where it has been identified, through the triennial valuation, that an employer has deficit contributions to pay, payment must be made to the fund no later than by the end of the financial year indicated on the employer valuation schedule. Payment can be made as an immediate one off payment or by 12 monthly instalments, with each monthly payment due no later than the last day of the month in which it is scheduled. Any surplus contributions identified in the employer valuation schedule can be offset against employer contributions paid to the Fund in the financial year.
- 3.3. Pension Strain** - Each month LPPA will arrange for the core team to issue an invoice to the employer reflecting the cost of any non-ill health early retirements processed in the previous quarter. The employer must pay the amount within one month of the date of the invoice.
- 3.4. Rechargeable Pensions** - Where amounts of discretionary pension are paid by LPPA on the employer's behalf, the quarterly amounts will be recharged to the employer and payment must be made within 30 days of invoice date.

This also applies in respect of other rechargeable pension e.g. where the employer has liability to pay for pre 1.4.1974 pensions increase payments and other unfunded pensions.

3.5. Year End Information - The employer will provide information requested by the core team at year end by no later than that set out in the timetable provided by the Administering Authority at year end. The employer will also provide information requested by LPPA no later than that set out in the timetable provided by the Administering Authority at year end.

3.6. Processing

3.6.1. LPPA Pensions Data Return - Employers must upload the LPPA Pensions Data Return promptly at the end of every pay period. Data on this file must reconcile to contributions paid over each month, and must contain all requested data items including accurate figures of pensionable pay, including assumed pensionable pay where appropriate, for LPPA to post to individual member records. Files should be at the latest uploaded by 10th of the month following pay period end.

3.6.2. New Starters / Disclosure of Information - At the latest, on the first day of employment, the employer will provide all new starters with LGPS information and request that the employee completes a LPPA Member – Enrolment Form.

The employer will notify the member of their formal admittance to the scheme, and the contribution rate they will pay.

If the employee opts out of the LGPS with less than three months active membership, the employer must refund contributions through payroll. The employer must not encourage employees not to join, or to opt out of the scheme.

The employer must continue to monitor the workforce in line with Automatic enrolment legislation and re-enrol eligible employees to the LGPS at their re-enrolment date.

Employers must upload the LPPA Pensions Data Return promptly every pay period, from which LPPA will arrange for scheme membership for any new starters.

3.6.3. Adjustments of Career average pay - Employers must contact LPPA where a Pension Pot Adjustment is required due to any of the following circumstances:

- Where a retrospective change is made to the scheme section and the scheme section was reported incorrectly in a previous pay period;
- Where a member is brought into the scheme retrospectively and arrears of contributions are recovered;
- Where a leaver is overpaid, and pensionable pay has been reported incorrectly in a previous pay period.

3.6.4. Changes in circumstance - Employers must submit the LPPA Pensions Data Return promptly every pay period, from which LPPA will arrange for the update of scheme member records in the following circumstances -

- Change of hours / weeks;
- Change of contract;
- Change of tiered contribution rate; and
- Change of address.

3.6.5. Absence - Employers must submit the LPPA Pensions Data Return promptly every pay period, which will provide LPPA with information regarding employees who are absent, including assumed pensionable pay where relevant. On return from the following absences, the member will have suffered a loss of pension benefits, and the employer must write to the member with information on how to buy back these benefits through payment of an Additional Pension Contribution (APC).

- Additional Maternity, Paternity or Adoption Leave on no pay
- Unpaid Leave of absence
- Strike

If the member elects to pay APCs to buy lost pension within 30 days of returning from unpaid leave, the employer must fund 2/3rds of the cost. The exception to this is strike where the employee must pay the full cost.

The employer must advise LPPA within 10 days of return from a period of unpaid leave.

3.6.6. Benefit Estimates & Annual Benefit Statements - Employers must submit the LPPA Pensions Data Return promptly every pay period. Where LPPA have queries on the data or status of any member these must be dealt with by the employer within 5 working days, so that LPPA data is always correct and up to date ready for benefit estimate requests.

Where a fund member requests a benefit estimate for voluntary retirement, they should be directed by the employer to PensionPoint in the first instance. Once registered, the member can process their own estimate, or view their most recent benefit statement.

If the member requests a more complex estimate, or is retiring within the next 12 months, then the employer can request the estimate from LPPA by completing the e-form LPPA Employer – Estimate request. Or the member can request this themselves.

Where a fund member or employer requires an early retirement estimate which requires the employer's consent, for example for flexible retirement or redundancy retirement, there may be a potential cost to the employer and the employer should ensure they obtain an estimate of this cost from LPPA prior to consenting to the retirement.

Therefore, the estimate request must be made by the employer, through completing "Commence the estimate request process", via the LPPA employer portal.

- 3.6.7. Early Leavers** - The employer will commence the leaver process via the LPPA employer portal when an employee leaves employment (or 'opts out' of the scheme) with no entitlement to immediate payment of retirement benefits. The employer will send the form as soon as reasonably practicable and no later than 10 working days after the final payment of salary following termination from the scheme.
- 3.6.8. Payment of benefits where employment is continuing** - The employer will commence the flexible retirement process via the LPPA employer portal as soon as the flexible retirement has been approved.

As soon as it is known that an employee has agreed that the employee is to take flexible retirement from a post, the employer should commence the flexible retirement process via the LPPA employer portal.

The employer will set up a new employment record with a new pay reference number to enable separate reporting of pension cumulative and membership from the retired post.

- 3.6.9. Retirements** - Employers must always request an estimate of retirement benefits where they are considering allowing a fund member to retire with early payment of pension (e.g. redundancy and employer consent retirements). There is likely to be a cost to the employer which should be considered before allowing the retirement. This does not apply to ill health retirements.

As soon as it is known that an employee is retiring with an entitlement to immediate payment of pension benefits, the employer should commence the retirement process via the LPPA employer portal.

Where an employer determines that preserved pension benefits are to be paid early, notification, including the date that benefits are to be brought into payment, will be provided to LPPA within 5 working days following the date of the decision together with all supporting documentation.

Likewise, the employer should notify the member within 5 working days following the date of the decision if their application has been refused.

- 3.6.10. Death-in-service** The employer will commence the leaver process via the LPPA employer portal following the death of a member within 5 working days of being informed of the employees' death. The LPPA Employer – Leaver form must provide details of informant and next of kin, if known.
- 3.6.11. Terminal Illness** Where an employee is suffering from terminal illness and limited life expectancy, employers should contact the Fund for guidance at the earliest opportunity.

- 3.7. Reporting legal breaches** – Employers must ensure that appropriate policies and procedures are in place and all relevant parties aware of their responsibilities in relation to reporting / recording legal breaches to The Pensions Regulator.

4. Online Communication and Information Sharing

- 4.1. **Data Sharing** - LPPA and the core team undertake to develop alternative methods of data capture to automate processes and ensure that fund member data held is accurate and up to date. The employer will commit to the online/electronic requirements of LPPA and the core team.
- 4.2. **Self-service** - LPPA undertakes to develop member and employer self-service system functionality to improve customer service and provide instant access to pension information. The employer will commit to the use of the self-service system and commit to promote member self-service to their active members.
- 4.3. **e-forms** - LPPA undertakes to develop alternative methods of data capture to automate processes and ensure that fund member data held is accurate and up to date, including the development of e-forms. The employer will commit to the online/electronic requirements of Local Pensions Partnership Administration, including the requirement to use e-forms.
- 4.4. **Access** - The Employing Authority can authorise that specified employees are granted access to all active fund member records for that employer using Altair Employer Services. The employer must be satisfied that the individuals that are authorised have received appropriate information security training, and that system access is used for pension administration purposes only. The employer must observe its obligations under the General Data Protection Regulations from May 2018 implemented under the Data Protection Act 2018 arising in connection with use of the account and must not do anything which might imply a breach by Local Pensions Partnership Administration of such Act. The employer shall comply with obligations equivalent to those imposed on a data controller by the seventh principle of the Data Protection Act.

5. Circumstances for recovery of Additional Costs

- 5.1. **Underperformance** - Where the Administering Authority considers that the Employer has underperformed against the performance levels set out at part C of this statement, the Administering Authority will seek to recover additional costs under regulation 70 of the Local Government Pension Scheme Regulations 2013 if it is economic to do so.
- 5.2. **Late Payment** - In addition the Authority will seek to recover interest on late payment of contributions under the terms of regulation 71 of the Local Government Pension Scheme Regulations 2013 calculated at 1% above base rate on a day to day basis from the due date to the date of payment and compounded with 3 monthly rests.
- 5.3. **New Employers** – In addition to any actuarial or legal fees payable by new employers and admission bodies the Authority will charge a flat rate administration charge of £250 towards the costs involved. This also includes newly converted academies joining Multi Academy Trusts (MAT) or those leaving MATs and entering into alternative arrangements.

6. Other Matters

- 6.1. Employer Decisions** - Any decision made by the employer under the scheme regulations should be notified to the member within 10 working days of the decision being made and must be accompanied by a statement in respect of their right of appeal.
- 6.2. Policies (Employer Discretions)** - Each employer is required to produce, publish, and maintain a statement of policy regarding the exercise of certain discretionary functions available to them within the LGPS regulations. New employers are required to provide the Fund with a copy of the policy statement within 3 months of their admission date. The policy statement must be kept under review and where revisions are made; the revised policy statement must be sent to the Fund and made readily available to all employees within the employing authority within one month of the effective date.
- 6.3. Employer Terminations from the Fund** - Each employer is required to notify the Fund should they decide to cease the addition of new scheme members or if they are considering terminating membership of the Pension Fund. Notification should be made as soon as the decision has been taken, allowing the Pension Fund to instruct the actuary to carry out calculations if applicable.
- 6.4. Funding Strategy Statement (FSS) and Investment Strategy Statement (ISS)** – the employer will ensure, where appropriate, they respond to formal consultations on the FSS and / or the ISS. Where no response is received from an employer the Fund will view this as acceptance of the proposal(s).

6. Other sources of help.

6.1. The Money and Pensions Service (MaPS)

MaPS is a free service and is part of the Money and Pensions Service which is an arm's length body, sponsored by the Department for Work and Pensions. It has replaced The Pensions Advisory Service. MoneyHelper is there to make money and pension choices clearer for people. MaPS provides independent and impartial information about pensions, free of charge, to members of the public. It is available to assist members and beneficiaries of the scheme with any pensions query they may have or any general requests for information or guidance concerning their pension benefits.

6.2. The Pensions Regulator

This is the regulator of work-based pension schemes. The Pensions Regulator has powers to protect members of work-based pension schemes and a wide range of powers to help put matters right, where needed. In extreme cases the Regulator is able to fine trustees or employers and remove trustees from a scheme.

6.3. The Pension Tracing Service

Holds details of all pension schemes. If you were in a scheme in the past and have lost touch with them, the tracing service may be able to help you track them down. Details are available at:

www.pension-tracing-service-uk.co.uk/pension-trace/

6.4. The Pensions Ombudsman

The Pensions Ombudsman has a dispute resolution team who will try to resolve complaints where members or beneficiaries cannot resolve the matter with the scheme administrators. If this still does not resolve the complaint an application can be made, within 3 years of the event (or within 3 years of when you first knew about it), to the Pensions Ombudsman's legal team for an adjudication.

The Pensions Ombudsman can investigate and determine any complaint involving maladministration of the scheme or matters of fact or law and his/her decision is final, binding and enforceable in court. Matters where legal proceedings have already started cannot be investigated. More information can be found here:
